

# How Does It Change?

## Activity BLM: Slides

### Materials

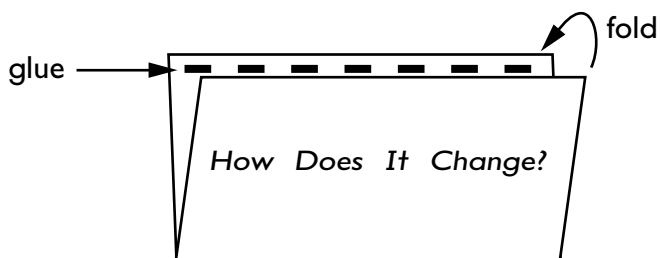

- *How Does It Change?* BLM pages 2 and 3
- 8" x 9" construction paper
- 3" x 22" strips of construction paper with tabs at end

### Directions

1. Photocopy and cut out rectangles on BLM pages 2 and 3. Glue onto 3" x 22" construction paper as shown.

2. Fold 8" x 9" construction paper in half and glue top edges together. Title it.

3. Slide each 3" x 22" paper into slide holder.

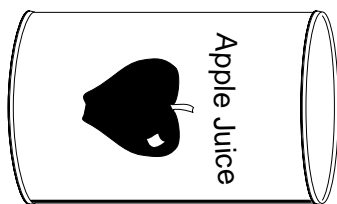

### Language Activity

Students recall and record what happens when things change (melt, freeze, mix).

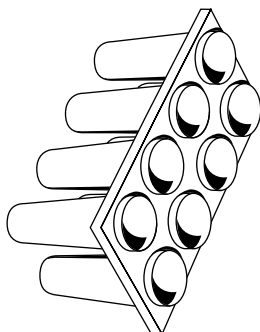

# How Does It Change?

Grade 1

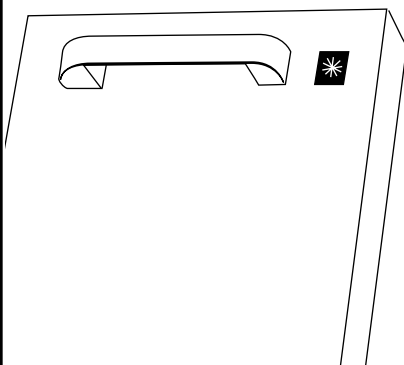

Take some  
apple juice.

Pour it  
in.

Put it in  
the freezer.

How  
does  
it  
change?

---

---

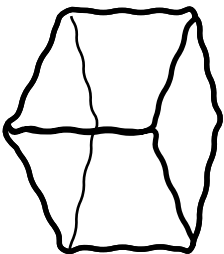

---

---

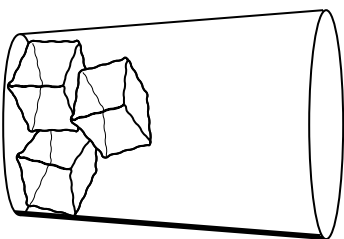

---

---
