

CONTENTS

PREFACE:

THE WORLD OF SCIENCEviii

UNIT A: CELLS AND SYSTEMS

Unit A Preview 2

Chapter 1

Cells 4

1.1 Characteristics of Living Things 5

1.2 INQUIRY INVESTIGATION:
Using a Microscope. 7

1.3 Plant and Animal Cells 10

1.4 INQUIRY INVESTIGATION:
Comparing Plant and Animal Cells 14

1.5 Technological Advances of the
Microscope 17

1.6 Parts of a Cell Seen with an Electron
Microscope 19

1.7 Cells in Their Environment 22

1.8 Osmosis 25

1.9 INQUIRY INVESTIGATION:
Observing Diffusion and Osmosis 29

1.10 INQUIRY INVESTIGATION:
How Does the Concentration of a
Solution Affect Osmosis? 32

1.11 CAREER PROFILE:
Modellers 34

CHAPTER 1 REVIEW 36

Chapter 2

Cells and Cell Systems 40

2.1 Cells and Cell Systems 41

2.2 Unicellular Organisms 43

Awesome Science: Nature's Oil Recyclers 48

2.3 The Need for Cell Division 49

2.4 Cell Specialization 51

2.5 Cell Wars 54

2.6 EXPLORE AN ISSUE:
Experimenting with Cells 57

CHAPTER 2 REVIEW 60

Chapter 3

Human Body Systems 64

3.1 The Respiratory System 65

3.2 The Circulatory System 68

ScienceWorks: A Life Saved 71

3.3 The Excretory System 72

3.4 The Digestive System 75

Tech.Connect: What is Going On in There? 77

3.5 Organ Systems Working Together 78

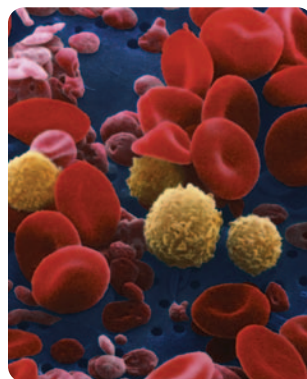

3.6 Protecting the Body 81

3.7 INQUIRY INVESTIGATION:
Factors that Affect Reaction Time 85

CHAPTER 3 REVIEW 88

Performance Task: Model Cell or
Cell Simulation 92

Unit A Review 94

UNIT B: FLUIDS

Unit B Preview 98

Chapter 4

The Properties of Fluids 100

4.1 A Close-Up Look at Fluid Flow 101

4.2 Fluid Flow around Objects 105

4.3 Viscosity: A Property of Fluids 107

ScienceWorks: Body Fluids Aid in Crime
Scene Investigation 109

4.4 INQUIRY INVESTIGATION:
Viscosity—From Thick to Thin 110

4.5 Measuring Matter: Mass, Weight,
and Volume 113

4.6 INQUIRY INVESTIGATION:
Relating Mass and Volume 116

4.7 Density: Another Property of Fluids 119

4.8 INQUIRY INVESTIGATION:
Some Liquids Just Do Not Mix 123

4.9 Comparing Densities 125

4.10 The Ups and Downs of Buoyancy 127

4.11 How and Why Do Things Float? 130

4.12 How Does Temperature Affect
Viscosity and Density? 133

CHAPTER 4 REVIEW 136

Chapter 5

The Use of Fluids 140

5.1 CAREER PROFILE:
Food Scientist 141

Awesome Science: Chocolate Production 142

5.2 Fluids and the Confederation Bridge 143

5.3 INQUIRY INVESTIGATION:
How Fluids Handle Pressure 145

5.4 Fluids under Pressure 147

5.5 Pressure in Confined Fluids 151

Tech.Connect: How Scuba Works 155

5.6 INQUIRY INVESTIGATION:
Pressure, Volume, and Temperature 156

5.7 SOLVE A PROBLEM:
A Closer Look at Fluid Power 159

5.8 Fluid Power at Work for Us 161

CHAPTER 5 REVIEW 164

Chapter 6

Fluids and Living Things 168

6.1 From Bladders to Ballast:
Altering Buoyancy 169

6.2 EXPLORE AN ISSUE:
The Human Impact on Natural
Fluid Systems 172

6.3 Pressurized Fluid Systems: Hydraulics ... 175

6.4 Pressurized Fluid Systems: Pneumatics ... 178

CHAPTER 6 REVIEW 180

Performance Task:
Putting Fluids to Work 184

Unit B Review 186

UNIT C: WATER SYSTEMS ON EARTH

Unit C Preview190

Chapter 7

The Water Cycle 192

| | | |
|-----|--|-----|
| 7.1 | Water in Our World | 193 |
| 7.2 | INQUIRY INVESTIGATION: Comparing Salt Water and Fresh Water .. | 195 |
| 7.3 | The Water Cycle | 197 |
| 7.4 | The Water Table | 199 |
| 7.5 | The Power of Water | 202 |
| | Tech.Connect: The Dikes of Richmond, British Columbia..... | 208 |
| 7.6 | The Human Side of Water Systems | 209 |
| 7.7 | Water Treatment and Disposal | 211 |
| | CHAPTER 7 REVIEW | 214 |

Chapter 8

Water Features 218

| | | |
|-----|--|-----|
| 8.1 | Geological Features at Sea and on Land ... | 219 |
| | ScienceWorks: Footprints—Here Today, Gone Tomorrow | 225 |
| 8.2 | Glaciers: Rivers of Ice | 226 |
| 8.3 | INQUIRY INVESTIGATION: Water Temperature and Currents | 230 |
| 8.4 | Currents..... | 232 |
| | Awesome Science: Studying Ocean Currents... | 235 |
| 8.5 | Water, Weather, and Climate | 236 |
| 8.6 | Waves | 240 |
| 8.7 | Tides..... | 244 |
| | CHAPTER 8 REVIEW | 248 |

Chapter 9

Water and Our World 252

| | | |
|-----|--|-----|
| 9.1 | Exploring the Deep..... | 253 |
| 9.2 | Oil: Wealth from the Ocean Floor..... | 255 |
| 9.3 | INQUIRY INVESTIGATION: An Oil Spill Simulation | 258 |
| 9.4 | Biodiversity | 261 |
| 9.5 | INQUIRY INVESTIGATION: Productivity of Organisms..... | 267 |
| 9.6 | INQUIRY INVESTIGATION: The Salinity Experiment..... | 269 |
| 9.7 | EXPLORE AN ISSUE: The Salmon Farming Debate..... | 271 |
| | CHAPTER 9 REVIEW | 276 |

Performance Task:

Protecting Our Water 280

Unit C Review 282

UNIT D: OPTICS

Unit D Preview 286

Chapter 10

Sources and Properties of Light 288

- 10.1 Light Energy and Its Sources 289
 - 10.2 INQUIRY INVESTIGATION:
Watching Light Travel 294
 - 10.3 Getting in Light's Way 296
 - 10.4 The Visible Spectrum 299
 - 10.5 The Electromagnetic Spectrum 301
 - 10.6 EXPLORE AN ISSUE:
Solar Panels 306
- CHAPTER 10 REVIEW 308

Chapter 11

Mirrors and Lenses 312

- 11.1 INQUIRY INVESTIGATION:
Reflecting Light off a Plane Mirror 313
 - 11.2 Reflecting Light off Surfaces 316
 - 11.3 Describing Images 319
 - 11.4 INQUIRY INVESTIGATION:
Viewing Images in a Plane Mirror 321
 - 11.5 INQUIRY INVESTIGATION:
Curved Mirrors 323
 - 11.6 Using Curved Mirrors 326
 - 11.7 INQUIRY INVESTIGATION:
The Refraction of Light 329
 - 11.8 Refracting Light in Lenses 331
 - 11.9 INQUIRY INVESTIGATION:
Investigating Lenses 334
- CHAPTER 11 REVIEW 336

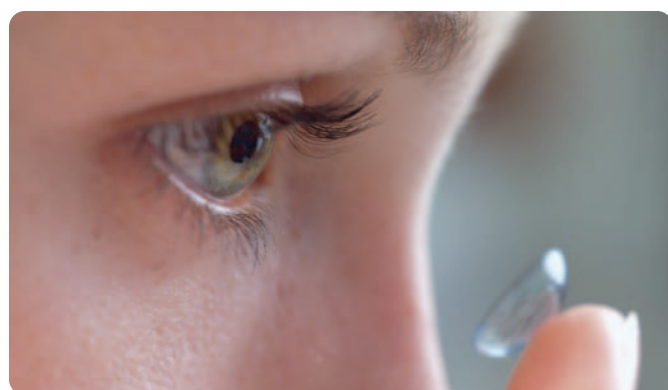

Chapter 12

Light and Vision 340

- 12.1 The Human Eye and a Camera 341
 - 12.2 Vision and Vision Problems 346
- Tech.Connect:** Laser Eye Surgery 350
- 12.3 INQUIRY INVESTIGATION:
Mixing the Colours of Light 351
 - 12.4 Colour Vision 353
 - 12.5 CAREER PROFILE:
Research Scientist 356
- ScienceWorks:** Light and Human Behaviour ... 357
- 12.6 A Telescope for Every Wave 358
- Awesome Science:** No More Twinkle,
Little Star 361
- CHAPTER 12 REVIEW 362

Performance Task: Optical Devices 366

Unit D Review: Optics 368

SKILLS HANDBOOK 372

GLOSSARY 419

INDEX 426
