PREFACE:
EXPANDING THE WORLD OF SCIENCE X

UNIT A: WEATHER

Unit A Preview 2

Chapter 1

We can observe and measure the weather. 4

1.1 What Is Weather? 5
1.2 Observing and Measuring the Weather 8
1.3 Measuring Temperature. 10
1.4 Measuring Precipitation. 14
1.5 Measuring Cloud Cover. 16
1.6 Measuring Wind 20
1.7 Measuring Air Pressure 24
1.8 Finding Weather Information. 26

Chapter 1 Review. 28

Apply What You've Learned: Be a Meteorologist:
Record and Report on the Weather 30

Chapter 2

**We can use patterns in weather to make
weather predictions. 32**

2.1 Weather and the Seasons 33
2.2 The Effect of Mountains and Oceans on Our Climate. . . 36
2.3 Weather Patterns in Different Places 38

2.4 CONDUCT AN INVESTIGATION:	
Heating Water and Land	40
2.5 Using Air Pressure to Predict Weather	42
2.6 Using Clouds to Predict Weather	46
Tech.Connect: Weather Satellites.	49
Chapter 2 Review.	50
Apply What You've Learned:	
Be a Meteorologist: Predict the Weather	52

Chapter 3

Weather affects living and non-living things.	54
3.1 Weather Affects Non-Living Things	55
3.2 Seasonal Weather Affects Living Things	58
3.3 Winter Weather Affects British Columbians	62
3.4 Extreme Weather Events Affect Living and Non-Living Things	66
ScienceWorks: The UV Index: A Canadian Success Story	70
Chapter 3 Review.	72
Apply What You've Learned:	
Research and Write a Weather Article	74

Making Connections:	
Make a Weather Channel Broadcast	76

UNIT B: LIGHT AND SOUND

Unit B Preview 78

Chapter 4

There are many sources of light. 80

4.1 What Is Light? 81

4.2 Natural Light 82

Awesome Science: Creatures That Glow! 86

4.3 Artificial Light 88

Tech.Connect: Edulight—A Canadian Invention 91

Chapter 4 Review. 92

Apply What You've Learned: Identify and Classify Sources of Light in Your World 94

Chapter 5

We can observe the properties of light. 96

5.1 Light Travels in a Straight Line 97

5.2 Light Behaves in Different Ways in Different Materials . 100

5.3 Reflected Light 104

5.4 Refraction 106

5.5 Light Can Be Separated into Colours 108

Chapter 5 Review. 110

Apply What You've Learned: Design and Build a Light Track 112

Chapter 6

Sound is caused by vibrating objects. 114

6.1 What Is Sound? 115

6.2 Sound Is Caused by Vibrations. 117

6.3 Detecting Sound Vibrations. 120

Chapter 6 Review. 124

Apply What You've Learned:

Make a Sound Map of Your School. 126

Chapter 7

We can observe the properties of sound. 128

7.1 Sound Waves 129

7.2 Loudness. 130

7.3 Pitch 132

7.4 What Sounds Do Animals Hear? 134

7.5 CONDUCT AN INVESTIGATION:
What Materials Can Sound Travel Through? 136

7.6 Transmitting Sounds 139

7.7 Reflecting Sounds 140

7.8 Absorbing Sounds 142

Chapter 7 Review. 144

Apply What You've Learned:

Build a Sound Maker 146

Making Connections:

Put On a Play! 148

UNIT C: HABITATS AND COMMUNITIES

Unit C Preview 150

Chapter 8

Adaptations help organisms survive in their habitats. 152

8.1 What Habitats Provide 153

8.2 Different Habitats Have Different Features 154

8.3 **CONDUCT AN INVESTIGATION:**
What Is the Best Habitat for Mealworms? 158

8.4 What Are Adaptations? 162

8.5 Structural Adaptations 164

8.6 Behavioural Adaptations 168

8.7 Responses That Help Plants Adapt 171

Awesome Science: Amazing Adaptations 172

8.8 What Lives Here? 174

Chapter 8 Review. 178

Apply What You've Learned:
Make Organism Cards 180

Chapter 9

Living things get food from their habitats. 182

9.1 Populations and Communities 183

9.2 How Plants and Animals Get Food 184

9.3 Food Chains 188

9.4 Changes in Food Chains 190

9.5 Food Webs Are Made of Food Chains 194

Chapter 9 Review. 196

Apply What You've Learned:
Local Habitat Food Chains 198

Chapter 10

Personal choices affect habitats and communities. . . .	200
10.1 Human Actions Affect Habitats	201
10.2 The Effects of Changes in Habitats.	204
10.3 Conservation	208
Tech.Connect: Jackets from Pop Bottles	210
10.4 Personal Choices Affect Habitats	212
10.5 Traditional Aboriginal Cultures and Habitats.	216
ScienceWorks: A'qam Native Plant Nursery	218
Chapter 10 Review.	220
Apply What You've Learned: A Personal Choice.	222

Making Connections: Help a Habitat	224
---------------------------------------------------------------	------------

SKILLS HANDBOOK	226
Science Safety Rules	226
Measuring	228
Reading for Information	230
Using Graphic Organizers	232
Communicating Using Tables and Graphs	234

GLOSSARY	237
