<ul style="list-style-type: none">• Complete lesson plans for each selection/chapter including background information, pre-, during-, and post-reading activities plus ready-to-use blackline masters and assessment tools	<ul style="list-style-type: none">• The full content of the print Teacher's Guide in electronic form allowing you to customize lesson plans, blackline masters, and assessment tools• Special FREE bonus with every Teacher's Guide	<ul style="list-style-type: none">• The full content of the print Teacher's Guide in electronic form plus additional support for student internet activities• Schools adopting Nelson English 11 resources can register for access and receive a password for each teacher, ensuring all teachers have access to the Teacher's Guide material

Manageable, time-saving assessment solution

A Solution for the English Course

The Nelson English 11 Teacher's Guides present an assessment solution encompassing not just the Nelson resources but novels, Shakespeare, and any other selections you choose to use.

A Solution That Minimizes Marking

All curriculum expectations have been clustered under rich, high-quality assessment tasks. Focusing assessment on the relatively small number of assessment tasks efficiently gathers evidence of learning for all curriculum expectations.

A Solution That Encourages Self- and Peer-Assessment

By shifting some of the responsibility for assessment to students, the teacher's time is spent marking only the student's best work.

A Solution That Saves Time

Assessment checklists and rubrics based on the Ontario Achievement Chart are provided as ready-to-use blackline masters as well as modifiable electronic files.

The Nelson English 11 Web site offers guided support and independent study activities linked to selections/chapters of the student books.
