

# Introducing

## TEST OF EARLY LANGUAGE AND LITERACY™

A Canadian diagnostic assessment for children ages 3–8

- Suitable for administration by teachers, speech and language pathologists, and early childhood educators
- Provides Oral Language, Literacy, and Composite scores based on Canadian norms
- Supports early identification of language and reading delays and delineates between the two
- Option to include phonological awareness in all scores
- Hand-scorable for immediate results
- Administration time is 30–60 minutes
